

US EPA Storm Water and Spill Prevention Regulations: Info for Railroads

New England Railroad Club, March 2015

Compiled by:

Abby Swaine

SmartWay Transport Partnership & Clean Diesel freight sector programs

US Environmental Protection Agency, New England

Boston, MA 02109-3912

swaine.abby@epa.gov

617-918-1841

Feel free to ask Abby for an electronic copy of this info, for easier links to resources. EPA is inspecting railyards and other transportation facilities, and enforcing where owners/operators are out of compliance. *Stay out of trouble by getting informed!*

Storm Water Multi-Sector General Permit
